48. First line of book or 6 words	FINAL 1 WORD IN CAPITAL LETTERS
49. First line of book or 6 words	FINAL 1 WORD IN CAPITAL LETTERS

There is a free iPhone app called 'EasyeditText'
By using this app we can quickly add books or newspapers to Booktest Mode.
There are several layout formats you must abide to in able to successfully add a book in booktest mode;-

1) must be a .txt file
2) There must be a space after the numbered full stop before writing your first sentence, for example' 1. The dog went for a walk".
3) Remember that your last word in that line will be displayed in Orange on the app to make it stand out at a glance. This must be wrote in CAPITAL LETTERS

The Oblivious app will let you know what mistakes its found and what line those mistakes are on in the app.

The screen shot in the image here shows how the books should look.
